STRENGTHENING THE LABOUR FORCE DEVELOPMENT SYSTEM IN ONTARIO (APRIL 2004)

The main goal of the paper was to articulate ONESTEP's views in the event of a labour market agreement between the Government of Canada and the Province of Ontario.

The paper describes in some detail the Ontario labour market today and the role that CBTs have played in the labour force over the last number of decades. It also discusses the importance of the Federal government in the planning, policy development and direct funding of labour force development initiatives in Ontario. **FREE!!!!**
